It is the only remaining structure of the Seven Wonders of the Ancient World. Renovations now allow entrance to this ancient tomb in the heart of the Pyramid through original tunnel shafts. Next to the large Giza Pyramids, we visit the famous male Sphinx statue with a lion's body and human face. This mammoth statue was carved out of the original bedrock as early as 2550 BC. Though the Sphinx has been covered numerous times by the desert sand, it is completely exposed today for our enjoyment. We then drive to the nearby world famous new Grand Egyptian Museum which has the largest collection of Egyptian artifacts in the world. Realistic statues of Pharaohs, queens, and officials are there with eyes that make them look alive. Ancient weapons of war and expensive items laden with gold, gems and ivory are on display, plus many well preserved mummies. Most of the items were recovered from Pyramids and tombs. We then drive thru the Coptic garbage city to visit the large Cave

Church. Our next visit is to the Pharaonic Village for a boat tour seeing displays and actors of ancient Egyptian life. Afterward we end the day with a short relaxing felluca sailboat ride on the Nile River.
